City Year is an education focused, nonprofit organization that unites young people of all backgrounds for a year of full-time service to keep students in school and on track to graduation. At City Year's 21 locations across the United States and two international affiliates, teams of young people called corps members serve full-time in schools for 10 months as tutors, mentors and role models. By focusing on attendance, behavior and course performance, corps members are uniquely able to help students and schools succeed. Visit cityyear.org to learn more.
