

# Ethics in Technical Documentation

# The Effect of Ethics

# The Effect of Ethics

Ethics minimizes damage to society

Ethics maximizes the good to society

But Ethics isn't all about self-sacrifice

# But Ethics isn't all about self-sacrifice

Ethics maximizes the good to society without removing the fundamental rights of the individual.

# Ethical Dilemma

A problem knowing the ethical thing to do in a situation.

# The Economy Vs. The Individual

# The Economy Vs. The Individual

# Times of Economic Crisis

Can lead to more death?

But can documents be dangerous?

But can documents be dangerous?

Yes.

But can documents be dangerous?

Yes. Kinda.

Social Media is a branch of CS

# But what about documents?

By creating ethically minded documents you will

1. Maximize the use of resources
  - a. Time
  - b. Energy
2. Promote equity and opportunity by removing cultural barriers to understanding
3. Represent you as a person who can represent the values of your corporation
  - a. Attractiveness
  - b. Interest in equity and opportunity
  - c. Dilligence

By creating ethically-minded documents you will

1. Maximize the use of resources
  - a. Time
  - b. Energy

# Promote transparency, equity, and opportunity by removing barriers to understanding

A well-written project report is flexible in its audience. It can be understood by executives, specialists, and people who are becoming specialists.

#### 4. Represent you as a person who can represent the values of your corporation

- a. Attractiveness
- b. Interest in equity and opportunity
- c. Dilligence
