Hello,

I'm Natalie and I'm part of the University Recruiting team for NVIDIA! We have an upcoming event highlighting some NVIDIA employees part of our Hispanic Latinx Network and I was hoping that you would share this event with students that may be interested. Generally, we largely hire students majoring in Computer Science, Electrical Engineering, but we also have opportunities for students in a few different technical areas as well. This event can also be a great way to hear more about NVIDIA and to be considered for Summer 2022 internship and New College Graduate Opportunities. If possible, would you please be able to share the message below?

### Hello from NVIDIA University Recruiting!

Join one of our virtual recruiting events to learn more about NVIDIA, hear from engineers part of our Hispanic Latinx Network. We will also share information about our intern and new college grad positions available!

See open roles & apply [HERE!](#)

### NVIDIA Fireside Chat:

Transitioning from Internship to New College Grad

February 3<sup>rd</sup>, 2022, Wednesday

3:00pm-4:00pm PST

Join us for a Fireside Chat with NVIDIA's New College Grads! We will chat about joining a professional environment for the first time & what they wished they knew before their first internship or professional role. Followed by a live Q&A portion.

Speakers:

Memo G. - NGC SW Engineer

Attendees will be entered into a raffle for a **Jetson Nano 2GB & NVIDIA Shield!**
